SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts. TAKEN INWARDLY salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.

The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the **OLYMPIA BEER**, sold by Larry Dee of the Hoffman Saloon.

Royal Here and Everywhere

You are worn out, tired, can't put the energy you desire into your duties. Well, then, you must try something that will overcome this feeling and restore you to perfect health.

Pleasant

From childhood we are taught to respect the curative features of herbs. Our grandfathers used them, and were, as a rule, versed in the art of preparing remedies from various plants.

As a token of the high esteem in which Captain O'Neil, the military commander of the Siam, is held by everybody aboard the transport, he was presented with a very handsome ring yesterday on board the vessel.

The 58 civilians engaged in the Siam have left \$2500 in this city, having received their pay in full and having spent it all here. The men speak very highly of Captain Paul Smith both as an entertainer and as a patriotic man.

Hospital Steward Watson of the Siam sustained a painful injury by breaking several bones of his right foot, as the result of his horse falling on him the second day in port. Watson stays with the ship and will pass through here again on her return.
